Racial inequities and social injustices are starker than ever in our country. These ongoing issues are being exacerbated by the health and economic crises. We must be unapologetic and relentless in fighting for our diverse population of members and students so everyone receives the support needed to ensure their success.

For the past six years, I have served as your NEA Secretary-Treasurer. During this time, I shaped proactive changes to prepare the NEA for hard times, stabilize membership, make tough decisions, and grow the culture of organizing.

I love working on behalf of our members and want to continue to do so in the role of NEA Vice President. I ask for your support and your vote. Working together, we can forge a positive path forward for our students, public education, and our members who serve them all.

NEA is publishing and/or distributing candidate brochures as a service to its members in order to ensure a fully informed electorate. All candidates were provided with an equal opportunity to submit brochures to NEA for distribution. This brochure was prepared by candidate Princess R.
